

University of Guelph, Kemptville Koyotes back from their First Polo Tour

The Kemptville Koyotes are back from their first polo tour of Vassar, University of Connecticut (UCONN) and Harvard.

Vassar Team Photo

They played extremely well and made the opposition fight for every goal. They lost to Vassar by a score of 11-1 and then to Harvard by 15-5. They played safe and kept their penalties to a minimum. The team made a number of fast runs hitting the ball down the arena but because Vassar and Harvard had experience on their side they were able to ride off our team and reduce their chances of scoring and maintaining possession of the ball. Although we had some problems clearing the ball from our goal line we made the opposition fight for every goal. The team had a great time and both teams were gracious hosts.

Harvard Team Photo

The girls made new friends and look forward to hosting them next year. In between the two games the girls sat in on a clinic at UCONN by former world renowned 9 goaler Tom Goodspeed current coach of Culver.
